

ROSCOE

Roscoe is a black grey mouflon ram out of AI sire Grabotni. At 1 year, he is showing great promise as an excellent sire, taking his job very seriously this fall. Long body, nice straight legs, excellent horns so far, wide and well muscled chest and great rump and back muscling. Color Inheritance: Roscoe has the potential to throw many colors and patterns: black, moorit, grey, and mouflon. AI genetics include: 1/2 Grabotni, 1/8 Bambi and 1/16 Flotti for a total of 69% AI breeding.

Sire: [Grabotni AI ram](#)

Dam: [KTB-117W Wrena](#)

Date of Birth: April 13, 2012

\$ 900. ☐ ☐ Sold.
