

Twin, solid black ram lamb out of Goldie and AI Sire Throttur. AI genetics are 93% from Throttur, Raftur, Kveikur, Grani, Gaddur, Laekur, Flotti, and Lodi. This ram lamb should offer a very nice package of meaty build, fine conformation, and awesome fleece. Showing an excellent wide and deep chest and great body length. Could carry moorit from AI sire Throttur.
