

Twin, white ram lamb. We knew these lambs would be white because the AI sire, Grimur, is homozygous white. His other pattern is solid. Superb back, loin and rump muscling. Medium body length. Great potential. AI genetics are 92% from: Grimur, Gramman, Kjalvar, Laekur, Guffi, Tyr, Kveikur, Hunn. . Both sire and dam are excellent.

This yearling ram sired some of our best 2019 born lambs.
