

Dakota ♂ TCE-689Y

He's an amazing ram with looks, build and a sweet personality. He's white but carries moorit and grey. Dakota is out of AI sire, Raftur, a ram with one of the highest meat scores ever to come out of the Southram station. ♂ His progenies are exceptionally lean with great muscle thickness resulting in excellent meat grading. ♂ Superb back muscling and excellent rump and leg muscling. Very vigorous and muscled ram. ♂ Raftur's daughters are very prolific with excellent milking abilities. ♂ Dakota carries 88% AI genetics from AI sires: ♂ Raftur, Grani, Lodi.

Sire: ♂ AI Sire Raftur ♂ 05996

Dam: ♂ TCE-414U ♂ AI Grani daughter
