

**Jasper**

Jasper is a well built ram out of Munkur, who was probably the best farm bred ram at Dancing Lamb Farm. Jasper is from dairy lines and his daughters should be very milky. Jasper has lovely fleece and great horns and he carries morrit and spotting. He is also a well tempered ram who is easy to handle. Jasper has thrown very nice lambs last year and as a ram-lamb. He carries Aboti, Flotti and Kani genetics, 20% AI.

Sire: Munkur DL-894Y

Dam: Holly DL-857Y
