

Large twin ram lamb out of AI sire RAXI. Sturdy and stocky black badger. Very thick neck and good back and leg muscling. The dam is an excellent mother and very protective, with plenty of milk. This ram carries 92% AI genetics from: Salamon, Blettur, Rektor, Gaddur, Moli from the dam and AI sire RAXIi. Great body length and depth. Should have the beautiful fleece of both sire and dam. As a yearling, this ram is very well grown. Carries moorit.
