

MARYANN

MARYANN

A well built AI ewe, a Kunningi daughter. Mom is a Molur daughter, so 922S is 3/4 AI, 1/2 Kunningi, 1/4 Molur. Great build, short, broad and chesty. Looks to carry solid from Mom. MaryAnn has great milking abilities and mothering skills, plus a very nice fleece. Triplet ewes in 2013!

D.O.B.: April 13, 2006

Sire: Kunningi 02903 AI SIRE

Dam: BLW 118K AI Molur daughter

[View Pedigree](#)

Lambing Record: 1, 2(VAI), 2(VAI), 1(VAI), 2, 2, 3, 2 (VAI), 2, 2

Fall 2016 Breeding: MaryAnn is bred to TCE 107D, AI son of Salamon. ☐ Lambs will carry 83% AI genetics. ☐ MaryAnn is homozygous white, so lambs will be white pattern and underlying color likely black.
