

A lovely moorit ewe from Tongue River Farm. Gorgeous, shiny fleece on this moorit ewe. 1/4 Bambi, 1/8 Blaevar from her dam, and a complex mix from her sire of 1/16 each Laekur and Bambi, 1/32 each Blaevar, Bruni and Stubbur, if the math is right she is 19/32 AI. We just acquired this ewe in the fall of 2010, so we are looking forward to some nice lambs from her this spring.
