

CERTIFIED ORGANIC. Wonderful, super white twin ewe. Fine face from her sire. 1/4 Blettur and 1/4 Laekur for 50% AI genetics. This is a terrific combination of meat and fleece genetics. As a yearling, she carries a great fleece on a heavily muscled frame. Out of our most docile ewe, Katey. This ewe carries color, as her sire is a black grey spotted ram. Will sell either this yearling, or her half sister from this year, KTB 324Y.

Sire: [FFC-623U Galileo](#)

Dam: [EJX-114S Katey](#)

D.O.B.: April 19, 2010
