

Twin. Marla is a black grey badgerface with a sweet personality. Nice deep body. Out of one of our favorite ewes, Louise, she has inherited super milkiness and mothering skills from her mom. Nice mix of AI lines: 1/8 Udi, Grimur, Kari and 1/32 Rector, Flotti, and Noi for 47% AI total. Great mothering and plenty of milk with this ewe. Plus, plenty of fine fleece of a glorious color! She most likely carries spotting, too, as her twin brother is a spotted badger.
