

EMMYLOU

EMMYLOU

Black grey badgerface out of Marla and our Dropi-son, Beau. She looks to have inherited her sire's excellent rump and back muscling, plus the nicer fleece of her dam. She is lovely with a golden caramel fleece apart from her badger markings. Excellent AI pedigree includes 1/4 Dropi, 1/16 Udi, Grimur, Kari and 1/64 Rector, Flotti, and Noi for 48% AI total. Her mom is super attentive and we are sure she will carry on the great mothering of this line. So far, excellent fertility- having produced twins as a one-winter ewe.
