## 

This girl is out of our best fleece line, a granddaughter of Wrena. She also has the excellent muscling of her Al grandsires, Dropi and Grani. She has the potential to be one of our best ewes, all around. Al lines include: 1/4 Dropi, 1/8 Grani, 1/16 Munkur and Bambi and Flotti, 1/32 Udi, Grimur and Sponn plus a little Morro and Molur for 69% Al total. Both sire and dam carry color, so this little girl has the possibility of carrying moorit, badger, grey, and spotting.

Sire: Beau KTB 303Y (Al Dropi-son)

Dam: Freda KTB 214X

Date of Birth: April 20, 2012

Lambing Record: 1 (O.W.E.)

Bred to FFC-743Y Uncle Jesse for 2013 Lambing season. Lambs will be 69% Al genetics and could be spotted black or grey, or white and slim chance of moorit.
