## Patsy

A very sturdy girl that shows her Al breeding with her heavy meat build. Plentiful wool with a beautiful shine. We will see how she grows out. TRIPLET. Out of an outstanding pairing of Lucinda, a Rektor Al daughter, and our ram Aries. A little line breeding to preserve Al Laekur traits. Al genetics include: 1/4 Rektor, 1/8 Blettur, and Muli, and 3/16 Laekur for a total of 69% Al breeding. This is a great mix of Al rams with excellent conformation, carcass grading, plus very good wool scores.

Sire: Aries KTB 205X

Dam: Lucinda BLW 131T

Date of Birth: April 21, 2102

Sold to: Rocks End Farm, Cantley, Quebec, Canada
