

MOSSY

MOSSY

A beautiful black grey twin ewe. She looks to be homozygous grey, as her grey coat is very light. AI lines include 61% from Kveikur, Tyr, Eldar, Grimur, Dalur, Kani, Bambi, and Laekur. She carries moorit. Nice long body, great conformation with straight legs and good chest, and lovely wool. This very pretty ewe carries also carries moorit.

Date of Birth: April 16, 2014

Sire: CBI 67Z

Dam: TCE 640X
