

DOLLY

DOLLY

All around fantastic ewe... attentive mom, super milky, excellent muscling and conformation. Her superb AI sire, Grabotni, received excellent scores for muscling, leanness, and wool and his daughters have proven to me very milky and prolific. The dam, Katey, is one of the matriarchs of our flock, calm with excellent mothering and milkiness. Dolly is heterozygous white, so she will throw colored and white lambs depending on the sire. Carries mouflon under white pattern. Twin. AI genetics are super: 1/2 Grabotni, 1/4 Laekur, and 1/32 Noi for a total of 78% AI breeding.

Sire: [AI Sire Grabotni](#) 06833

Dam: [EJX 114S Katey](#) AI Laekur daughter
