

KATHERINE

Twin, moorit badgerface ewe. AI genetics are 50% from Kani and Flotti. This beautiful ewe is from superb milking lines. (Kate is out of Greta (a Kani daughter), the all-time highest producing Icelandic milking ewe at Dancing Lamb Farm Dairy. She was very prolific, producing many gorgeous lambs. She was the best pure-bred milker and her fleece was still amazing at 9.) Katherine has a gorgeous fleece, great build and prolificacy to add to her milking abilities.

Sire: TNY-528N AI Flotti son.

Dam: TNY-516N AI Kani daughter

Date of Birth: April 14, 2008
