

Kathy!

I received the fleeces yesterday, and I skipped out of the post office with them. I am just over the moon! they are the prettiest things that I have ever seen! Right away, I took samples out of each bag, and washed them. They are so clean, and with not much lanolin, so one soak was enough. I then prepared them and spun them up in different ways. I am in love! I hope that I can do these beauties justice.....

And, oh! I HAVE to have that dark/brown black fleece that you sent me a sample of. Is it available still? If so, I would love to purchase it. It is incredibly beautiful!

The colors of all of these samples are just so exquisite to look at. Thank you for raising such beautiful animals with lustrous fleeces.

I am so very happy that I found Kind Horn Farm.....

xx dina
