

ROSCOE

Roscoe is a black grey mouflon ram out of AI sire Grabotni. Twin. At 1 year, he is looking to be a great flock sire. Long body, nice straight legs, excellent horns so far, wide and well muscled chest and great rump and back muscling. Color Inheritance: Roscoe has the potential to throw many colors and patterns: black, moorit, grey, and mouflon. AI genetics include: 1/2 Grabotni, 1/8 Bambi and 1/16 Flotti for a total of 69% AI breeding.
