

SassyFrass

Beautiful black grey ewe with a very lovely fleece. This ewe is well built with a good, long body. She comes from Dancing Lamb Farm's outstanding dairy lines, so the milking ability should be excellent. She carries 57% AI genetics from Grabotini, Kani, Aboti, Flotti, and Bessi. Lambbed as one winter ewe - a beautiful lamb. Sassy has a really nice udder for a one winter girl. Perfect mother.

Sire: [Gabriel, AI son of Grabotni](#)

Dam: DL 973Z
